The report pages are listed by search engine; below each search engine you will find a list of your web sites pages (URL's) together with the relevant 'keyword' linked to them. In simple terms, this means the page on your web site that anyone entering a particular 'keyword' would be taken to should they enter it in to the search engine shown above.

The last two 'right hand' columns on the page show the 'position' and 'page'. For example 'Pos 5 Page 1' simple means that your web sites page can be found in fifth place on page one of a particular search engine.
